The Affordable Care Act (Healthcare Reform) is a significant piece of legislation. **What effect will it have on small businesses?**

We will tune in for a very important webcast, as Fran Tarkenton's son *Matt Tarkenton* interviews insurance expert *Henry Lindeman* about the Federal Affordable Care Act, what it means for small business, and how you can be prepared.

In addition, we will have *Pat Keaveny* and *Kathy Hall* of **Business & Healthcare Strategies Inc.** live to present the latest information and answer questions on **how the Affordable Care Act will be implemented here in Minnesota**. The Federal and Minnesota laws differ in a number of areas.

Pat has received a *Five Star Professional Award* presented to benefit professionals in the industry that have provided exceptional service and overall satisfaction, as indicated by clients, peers and industry experts.

Pat has 30+ years of expertise in the benefits industry working with small to mid size businesses in both the union and non union marketplace.

Kathy has two decades of experience in the Healthcare Benefits industry, and has an in depth understanding of the Healthcare system & healthcare cost challenges that individual consumers and businesses face.

As a **Healthcare Cost Reduction Strategist** she provides counsel & services to businesses and individuals on how to be a more savvy and cost effective healthcare consumer.

Both *Pat* and *Kathy* are also Healthcare Reform Specialists

Regardless of your opinion about this law, it is vital that you are informed of the facts, so that you can best equip your business for continued success.
